THE HEDJAZ RAILWAY.

Much has been written under this heading, the subject being one that appeals strongly to the student of the Near East ever fond of speculating as to the future position of Turkey. The undertaking of the line was launched mainly for religious purposes, the subscriptions having chiefly come from those interested in the pilgrimage to the Holy Places. To see Mecca and die is not always the ultimate wish of every good Mussulman. But to have been to the Holy City is to have proclaimed the pilgrim as a devoted follower of the tenets of the Prophet. Anything, therefore, which makes the undertaking of such a pilgrimage less arduous to the Faithful appeals to the fervid followers of the founder of their religion.

The seriousness of the undertaking in the past has been recognised by the fact that of those who start forth a large number never return to their homes. Every year death claims a large roll of victims among the intrepid pilgrims. Although to die whilst fulfilling such a holy mission is not such a lamentable end to an earthly existence as to have deterred many from taking the risks, yet of late years there has been a tendency on the part of the pilgrims themselves to appreciate the efforts made to improve their conditions of travel. Thus an increasing number of pilgrims, more especially from Egypt, take advantage of the facilities offered by accompanying the Mahmal, and so benefiting from the protection offered by an escort of armed troops. How great an event in the Mussulman world the completion of direct railway communication with the Holy City will be! A comparatively safe and expeditious railway journey will take the place of the present primitive system of travelling by caravans with all the hardships incidental to a trek across the desert. Small wonder that under present conditions, with ill-organized transport, the stragglers, wayworn and weary, often fall a prey to marauding Bedouins, with scanty food and a precarious water supply from sources often foul and contaminated, and large numbers either never see the sacred city or afterwards pay the forfeit for their fortitude with their lives.

The fullest description of the line at present under construction from Damascus to Mecca which has as yet appeared is an account written by Auler Pasha in a recent supplementary number of "Petermans Mitteilungen." The total distance to be traversed has been estimated at 1,750 kilometres. The line has already reached Tebuk, 750 kilometres from Damascus. It is expected to be completed in 1913, or 1910 if the sections between Jeddah and Mecca and Mecca and Medina are simultaneously put in hand. One of the greatest obstacles has been the carriage of materials, which had, at its inception, to be brought entirely by the French line from Beyrout viâ Damascus to El Mezeirib in the valley of the Nahr Yarmuk, an eastern tributary of the Jordan. Attempts to purchase the French line failed, and Turkey was obliged to construct a parallel line to Deraah, just west of El Mezeirib. The British concession from Haifa to Damascus was, however, purchased, and the line completed to Deraah. Owing to the necessity of making a stone bridge over the Jordan, and of constructing tunnels and aqueducts, this has formed, up to the present, the most expensive and laborious section of the route.

Even with Haifa as a base of operations for materials, land carriage is found very expensive, as from Maan onwards to the present terminus, all water as well as food has to be brought by rail. Hence the late attempt to extend the Turkish sphere in the neighbourhood of Akaba can be explained as much by economic as political reasons, since easy access from the Red Sea to the main line would materially expedite the work. As it seems, moreover, to have already considerably diminished the expenses and hardships involved in reaching Mecca from the north it is probable that there will be no difficulty in obtaining the money necessary to complete the work, though beyond Maan it will be solely a pilgrim route.

LOCAL AND GENERAL.

Council of Ministers.

The Council of Ministers will meet next week at Abdeen Palace under the presidency of the Khedive.

Alexandria's Founder.

A wealthy German has promised to subscribe £500 towards the cost of erecting a statue of Alexander the Great on the new quay at Alexandria.

Cairo Soup Kitchen.

Rostovich Bey has suggested to the Philoptochos of Cairo to take over the charge of the soup kitchen for the poor, of which he was the president.

Raid on Gambling Hell.

Last night the Alexandria City Police raided a gambling hell in the Gamich el Sheikh quarter, belonging to a Greek, and confiscated the paraphernalia and money.

New Church for Cairo.

Rostovich Bey intends to erect a new church for Orthodox Greeks in Zaher street, Cairo, at his own expense. The foundation stone will probably be laid next week.

Public Works.

The Government has decided to open a credit of L.E. 18,000 for erecting a new landing-stage for pilgrims at Suez, and L.E. 10,000 for creating a station for them at Tor.

Alhambra.

The "Great Door-Leblanc" and his company gave an interesting exhibition of the "Black Art" at the Alhambra last night, which will be repeated this evening and to-morrow afternoon and evening.

Greek Philanthropy.

Rostovich Bey and Mme Rostovich have presented gifts of clothing to the orphans of the Achillion girls' school at Cairo. The Crown Prince of Greece has telegraphically thanked them for their philanthropy.

New Greek Contemporary.

'O Ploutos" ("Wealth"), a fortnightly periodical, by a well known Alexandrian littérateur, Mme Chrisanthis Samothraki, was issued on New Year's Day. It contains excellent reading matter, of an instructive, entertaining character.

Band Performances.

The band of the 2nd Battalion Royal Inniskilling Fusiliers, under the bâton of Mr. R. Watson Ramsey, will perform a programme of music on the terrace of the National Hotel every Wednesday afternoon during the season from 4 to 6.

Coal Imports.

For the year just ended the total import of coal at Alexandria was 1,264,601 tons, composed as follows:—Welsh, 696,796; Newcastle, 208,833; Scotch, 117,676; Yorkshire, 179,270; other qualities, 62,026 tons. Last year's total was 1,046,811 tons.

Esneh.

Messrs. Stambellow Brothers, of Assouan, have opened large general stores in the town of Esneh, Upper Egypt, which are well stocked with everything which tourists and residents may require. They have also added an excellent restaurant, the latter supplying a much needed want.

Fatal Inebriacy.

A native living in Saffar Pasha-street went to bed in a state of intoxication on Thursday evening. During the night a candle, which he had left alight close to his bed, fell on the bedclothes, which caught fire. The man was badly burnt and succumbed to his injuries yesterday.

C. M. S.

The Rev. R. MacInnes, hon. secretary for C.M.S. work in Egypt, will preach at St. Mark's Church at 11 a.m. and 6.15 p.m. to-morrow. Collections will be for the Church Missionary Society. Mr. MacInnes will speak at a missionary meeting to be held on Monday next at 8.30 p.m. in the Sailors and Soldiers' Institute.

New Year Mementoes.

Mr. N. Spathis, the well-known mineral water manufacturer of Cairo, is sending a useful calendar and memorandum card to his numerous clients. Among other calendars that we have received we may mention those of the Société de Publications Egyptiennes, Messrs. Waterlow Bros. and Layton, M. Mourès' printing office, and the Yorkshire Insurance Company.

The Question of the Cadre Reorganisation.

The report of the Financial Adviser on the question of the cadre interests all those employed by the Government; but it is not sufficient to count on the leniency of the authorities; it is better to rely on one's own merit. The employés with a knowledge of foreign languages are very much appreciated, and the Berlitz Schools (1, Sharia Kamel Cairo, and 12, rue Rosette, Alexandria) count amongst their pupils many Government employés. PRINCE BULOW'S MANIFESTO.

UNFAVOURABLE CRITICISM.

BERLIN, January 4.

Prince von Bulow's manifesto is unfavourably criticised by the press. The Conservatives especially object to being invited to ally themselves to the Radicals, and the latter are equally displeased on account of the lecturing tone of the Chancellor, who enjoins them to mend their ways and join the Conservatives against the advance of the Socialists. The only party pleased is the National Liberals. *(Reuter)*

RUSSIAN TERRORISM.

COTTON MILLS STILL CLOSED.

ST. PETERSBURG, January 4.

The large cotton mills at Lodz continue to be closed. The owners are determined to transfer their factories to the interior unless the workmen submit.

The Terrorists declare that they will murder the men who resume work. The military authorities have refused protection to the banks, which threaten to close their doors. *(Reuter)*

DRUSES AND BEDOUINS.

A SERIOUS CONFLICT.

Severe fighting took place at the end of October between the Druses and the Waled Aly Bedouins within twenty miles of Damascus. Nearly 10,000 men were engaged in the conflict, resulting in the complete victory of the Druse force.

A great number of emirs and sheikhs of the Waled Ali were killed and an immense amount of booty was taken by the visitors.

Unfortunately, the plunder of some Damascus merchants who were in the Bedouin camp has led to strained relations between Damascus and the Hauran, and till recently trade relations were almost entirely suspended.

BRIGAND WAR IN MACEDON.

A telegram arrived to-day at Alexandria from Athens relating a serious affray between Turkish troops and a Bulgar band, thirty-six strong, at Strumnitza. The Komitadjis were wiped out after a fierce fight, six alone escaping.

The Turks lost six men. The leader of the band was an ex-officer of the Bulgarian Army.

MAAN-AKABA TELEGRAPH.

The Turkish Government has erected a telegraph line between Maan and Akaba, the former being one of the Hedjaz Railway stations, and sentinels have been posted to guard the line.

According to "Al-Ahram," large quantities of corn and barley are being imported into the Hedjaz from Syria by way of Akaba.

MR. ROBERTSON, M. P.

In connection with Mr. Robertson's visit, "Al Ahram" remarks:—Mr. Robertson, M.P., who is so well-known to all the Egyptians, has visited Al Azhar University and some of the native quarters in Cairo. A number of natives have been paying him visits and have gone to welcome him. Soon, no doubt, Mr. Robertson will see more of the natives' attitude than he expected, because they bear the remembrance in their minds of the beneficent deeds which this visitor to Egypt has done in order to defend the interests of the Egyptians in the British Parliament and they are expectant of many benefits through his instrumentality.

PRESS POLEMICS.

A vigorous campaign is being waged between "L'Egypte" and "Al Moayad." Opening with the question of secular versus religious instruction, on which M. Colrat (who avows himself "libre-penseur") naturally took a different line from his orthodox Moslem critics, it ended in the unfortunate publication by our French contemporary of a passage in which the Prophet was mentioned in a manner that could not fail to shock any Moslem. "Al-Moayad" has published an open letter to Idris Bey Ragheb pointing out the passage referred to and remarking that it is strange indeed that a paper owned by an Egyptian should publish remarks that must wound every right-minded Egyptian Moslem.

MUNICIPALITY AND PRESS.

A correspondent writes:—

I am sorry to have to acknowledge that the Press has no right to assist at the meetings of the Municipal Commission. The municipal decree says that the public cannot be admitted. Some belligerent editors pretend that the public and the Press are two absolutely different entities. But in the arrêté ministeriel it clearly says that communications of the meetings of the Municipal Commission may be given to the Press. This provision surely implies that the Press is included in the term "public." It is true that this law was made no less than sixteen years ago, when perhaps the Government was amply justified in making these restrictions. Of late years, however (I say it in all seriousness), the Press has made such giant strides in advance that at least certain journals ought to be admitted to bore their wretched reporters with the four hours' purgatory once a week of listening to the oratory of the municipal councillors.

INTERESTING FINDS.

THE IBRAHIMIEH EXCAVATIONS

The discoveries which have been made by the chief eunuch of H.H. the Khedive at Ibrahimieh are very numerous. Besides the vases, which we mentioned yesterday, they include a number of terra-cotta figures, alabaster vases for perfumes, and funerary statues, often with inscriptions. The excavations are being conducted on the site of an old necropolis.

Inscriptions have been discovered of many of the persons buried or cremated there. Many of these come from Crete, Thessaly, Athens, and Sidon, and show that the inhabitants of ancient Alexandria came from all parts of the Eastern Mediterranean. The finds up to date prove that the necropolis dates from 300 to 200 B.C.

The vases discovered are known in archæology as the vases of Gnathia, as a great number have been found in that town of Apulia, the modern Fasano. Archæologists have endeavoured to prove that these beautifully modelled vases had their origin at Tarantum. But since so many of these vases have of late been found at Alexandria, it is possible that the real origin must be looked for here, and not in Southern Italy. The vases have charming reliefs executed in the best style of Hellenistic Art.

For some time past inscriptions, evidently from a Christian necropolis of the sixth century of our era, have been found at Dekheleb, near Mex. Messrs. Almagia have quarries close by and last week nine sphinxes were found there. They have been taken to the Alexandria Museum. The Museum intends conducting excavations there. The origin of these sphinxes and how they came to be there are a mystery.

The visitors to the Museum during the past year numbered 5,076, to Pompey's Pillar 8,147, and to Kom-el-Shougafah 5,037. The visitors to the Museum show an increase of 2,180, to the Pillar of 852, and Kom-el-Shougafah of 521 over the total for 1905.

ALEXANDRIA TRAMWAY CO.

The board of directors of the Alexandria Tramway Company have selected Mr. John Chini as a director, in the place of the late Mr. Pericles Glymenopoulo.

The Alexandria Municipality want the company to place their line in the centre of the new boulevard along the quay, which would be two metres lower than the present level of the railway. The company has agreed to lower the permanent way on the stipulation that the Municipality does all the earthwork. The new position of the line underneath the old line in some places necessitates considerable engineering difficulties to avoid traffic not being stopped while the work is in progress. Several temporary lines have to be laid in consequence. The new line will be fenced in on both sides after Chatby bridge, with level crossings at fixed points. The work will take several months to complete.

SHEPHEARD'S.

The season at Shepheard's has made a most successful start, and judging by the many applications for rooms and the numerous bookings that have already been made, the season promises to be the best in the history of this famous hostelry. The splendid grill-room at Shepheard's has become the rendez-vous of the élite of society. The best proof of its popularity is that most of the tables occupied are ordered several days in advance, to ensure their being obtained.

YESTERDAY'S GYMKHANA.

Though the Gymkhana yesterday at Ghezireh was timed to commence at 2.30 there were but few people present at that hour, and it was nearly three o'clock before the first event was run. There is always far less formality about a Gymkhana than a race meeting, and the variety of the events all make for greater sociability among the onlookers, many of whom are called upon to render assistance in the various competitions, etc., so that even if the races lag somewhat in the running there is plenty of entertainment to be had in watching the preliminaries and arrangements. The band of the 2nd Battalion Royal Inniskilling Fusiliers provided music during the intervals from its new position opposite the stand, and the usual tea tables were surrounded by the usual crowd towards the end of the afternoon, and expressions of satisfaction were heard on every side that the accustomed tea tickets were again in force, while in respect of the meal itself there is a marked improvement in the entertainment offered in comparison to that of former years.

Albeit people were somewhat dilatory in arriving, nearly all the accustomed habitués were on the spot later on, and so many newcomers were present that any detailed list becomes difficult. This season is doubtless going to be a record one as far as the good looks of the gentler sex are concerned; and many of those who posed as belles last winter are having to content themselves with other consolations this year. No prettier group could be found than that composed of the two elder Miss Andersons as they sat near little Miss Nungovich on the steps of the stand. The two sisters were in blue and heliotrope muslins, and were wearing large picturesque hats wreathed about with enormous ostrich feathers. The coquettish hat with its crimson roses and long floating veil worn by Miss Nungovich were a perfect setting for her piquant face and lovely eyes; and the brilliant straps of oriental embroidery which trimmed her long cloak were in perfect keeping with her colouring. Mrs. Leverich and her daughter, the latter in white cloth, were sitting with Mrs. Gork and her two daughters, both of whom looking very fresh and charming in their pretty frocks of pale blue and pale green cloth. Lady Muriel Beckwith looked very well in grey relieved with black, and a pretty hat trimmed with silvery grapes. Both Lady Rogers and Mrs. Bullock were wearing suits of black and white check, the latter's being of the small smooth variety, but both of them trimmed with narrow strappings of black. Lady Hemming was in white, while Miss Hemming wore a pale blue cloth frock and a large black hat with white feather. Mrs. Hutson was exquisitely neat as usual in a well-fitting skirt and short bolero of white with narrow stripes and pipings of dark blue, her hat bearing a bunch of green corn as trimming. Mrs. Rome was in white with a pretty crumpled velvet toque of rose, and Mrs. Gordon also wore a rose-coloured toque and scarf with her white suit. The Misses Cole were in fawn coats and skirts with coloured blouses and scarfs, and Mrs. Kershaw was wearing a suit of somewhat the same colouring with much braid and heavy embroidery upon it. Mrs. Hunter, who brought her handsome little son with her, was wearing a short coat of white fur; and Mrs. Herbert had a long white boa over her neat frock of navy blue. Mrs. Rome also brought her little son and daughter and spent all the afternoon in their society, much to their enjoyment. Countess Bernsdorff was present with her daughter, and Mr. and Mrs. Iddings had also brought their daughter with them. Mrs. Carey, in a very pretty gown of black, was accompanied by her two slender daughters, the one in white and the other in heliotrope. Miss Bullock wore a very becoming hat of blue with a white frock, and Miss Blythe was wearing a heliotrope bolero and skirt with a handsome dark fox boa. Mrs. Wilson was in a tightly fitting coat and skirt of white serge and a very becoming hat of blue, and Miss Rees was also in white, touches of pale blue on the long coat corresponding in colour with the hat she wore. Mrs. Gillson was in grey with a black hat. Mrs. Schreiber was in a tailor-made suit that showed grey in the distance, but might have been a black and white check. Miss Fearon wore a blue and white cheque with revers and cuffs of blue Mrs. Wilding was in heliotrope—a dress of the empire persuasion—worn with a long white boa. Mrs. Saunders was in a jaunty little suit of pale fawn with a rose coloured toque ornamented with the usual bunch of "Paradis." Amongst the other ladies present, space forbidding a mention of the pretty frocks they wore, were Mrs. Phillips, Miss Coxon, Mrs. Anderson and her youngest daughter, Mrs. Wynne, Mrs. Ruffers, Mrs. Humphrey, Mrs. Joseph, Miss Simpson, Miss McKillycuddy, etc.

Time and space also forbid a mention of the sterner sex who graced the assembly. Suffice it to add that all the male relatives of the aforementioned ladies were in their neighbourhood, in addition to all those unattached and forlorn bachelors whose professions or relaxations tie them here in Cairo.

PERSONAL AND SOCIAL.

Prince and Princess Stirrberg, after their return from the Nile trip on board the dahabeah Mena, have been staying at Shepheard's for a fortnight, and left yesterday for Berlin.

Baron Edmond de Rothschild is staying at the Savoy Hotel.

Sir Ernest Cassel is expected to arrive in Cairo in a week.

Sir Wm. and Lady Geary arrived at Alexandria yesterday by the S.S. Ismailia. Sir William, who is an authority on law matters, was called to the Bar at the Inner Temple in 1884 and from 1895-97 was Attorney General at Accra, on the Gold Coast. He owns about 2,300 acres in Mid-Kent, near Tonbridge, and has published several legal works.

Mr. McMillan, the American traveller, accompanied by his wife and a large party, has arrived at Shepheard's. Mr. McMillan is one of the most successful lion hunters, and his wife is no less daring a shot.

M. Carlo Rosetti, the new Italian Consul for Khartoum, is expected to arrive in Cairo shortly.

M. Louis Bertrand, the well-known French author, has just arrived in Egypt from Jerusalem on the conclusion of the journey he undertook for the "Revue des Deux Mondes," which will publish his impressions under the title of "The Orient." M. Bertrand is leaving for Paris shortly.

M. Eustache Glymenopoulos, brother to the late banker, has contested the disposal made by the Hellenic Consular Court of Alexandria of the estate of the deceased. He has interested himself in behalf of the daughter of the late M. Glymenopoulo. He has left for Athens to lodge his protest with the Court of Probate there.

The Grecia Lodge of Cairo gave their annual installation banquet at the Savoy Hotel, when Mr. Sharman was installed. Forty-eight persons sat down to dinner, which was served in the salle des fêtes.

Another big banquet was given at the Savoy Hotel yesterday evening by the medical students. Amongst those present were: Dr. Keatinge, Dr. Ibrahim Pasha Hassan, Dr. Shoukry Bey, Dr. Nolan, Dr. Hobson, Dr. Madden, Dr. Fisher, Dr. Beddoe, Capt. Brakenridge, Dr. Bitter, Dr. Elliot Smith, Dr. Llewelyn Phillip, etc.

ZIZINIA THEATRE.

"MEFISTOFELE."

We will confess that we have (to use a cant phrase) but a very small modicum of use for this piece, which we heard twice two years ago in Cairo, and carried away on each occasion an impression of little more than noise. Here, from the technical point of view, the performance was infinitely superior. The prologue is of course the "résistance" of a production, which is thenceforth utterly lacking in any note of distinction; and even here the libretto is exasperatingly feeble. It is hard to derive any pleasure from cherubim who continually sing "La danza in angelica spira si gira si gira si-gira," when the curtain is down, and one sees nothing. Signor Carlo was here and throughout in great voice; certainly the best actor on the stage. After the prologue the opera steadily goes from bad to worse. The garden scene is a travesty of Gounod, though all four performers acted and sang well in it. But the height of absurdity is reached in the "notte del Sabba." At the back of the stage blue and pink electric lights are swung to and fro on strings. In the midst is a high square platform, densely packed with gentlemen frantically gesticulating like Labour members in Hyde Park, and in the foreground a bevy of most attractive ladies trip and skip backwards and forwards and round and round so agreeably, that our neighbouring stall remarked "Il paraît qu'on est très bien là bas."

Margherita, in spite of her tremolo, scored a distinct success in her death scene, to reappear shortly, bewitchingly enough, in the Sabba classico. Here, by the river Peneus, our worst fears were realised. The scenery indeed was accurate enough: Doric temples—plenty of them—complete with triglyphs, and all that our Laconian taste demanded; but the chorus and ballet wore tight stays, to a woman; which practice, though perhaps inevitable in a ballet, yet destroys for one, more than any other fault, the smallest illusion of Greece. Faust showed to advantage here, though he is a little apt to go out of tune. The epilogue, with its repetition of the opening theme, was finely done, but it is too long and too loud. Orchestra and chorus are still improving; Sig. Gianoli may be congratulated on a fine performance of a very indifferent opera.

KHEDIVIAL MAIL STEAMSHIP COMPANY.

ANNUAL MEETING.

The ninth ordinary general meeting of the Khedivial Mail Steamship and Graving Dock Company (Limited) was held at Winchester House, Old Broad-Street, London, recently the chairman of directors, Sir Auckland Colvin, K.C.S.I., K.C.M.G., C.I.E., presiding. The attendance of shareholders was very small.

The Secretary (Mr. L. Halliday) having read the report of the directors and also the report of the auditors to the shareholders,

The Chairman said: We have the pleasure of meeting our shareholders at the close of a year which has again given satisfactory results and enabled us to make further progress in the administration of your affairs. The main interest of the year of review has been the addition to our fleet of the Osmanieh, a high-class passenger steamer, which, although not actually placed on the service during the currency of the year, was put into commission within two months of its expiry, and is now running regularly on the Alexandria-Constantinople line, so far with as good results as we had reason to anticipate. This boat, as you know, was built for us by Swan, Hunter and Wigham Richardson (Limited) on lines most suitable for the particular service for which she is designed. I may perhaps add that we have purchased recently two other smaller vessels, which will be a valuable addition to our fleet. As you have been made aware from the draft resolutions which we are about to propose to you, we contemplate a further

Addition to our Capital

in order to enable us to make such replacements as are necessary for the bettering of our service and to strengthen the service on the Port Sudan Line. The Port Sudan-Berber Railway, which was opened last year, will, doubtless, give a stimulus to our steamship service, and it will interest you to know that we placed at the disposal of the Egyptian Government one of our boats in order to enable its officials to assist at the ceremonial of opening that line, and we were glad to receive the acknowledgments of the Government for the efficiency with which our engagements were carried out on that occasion. The prospects of the present year are satisfactory, the Mediterranean services continuing to furnish us with results as good as we can expect, and the returns from the other lines showing no diminution. I mentioned last year that we had arranged with the Egyptian Government for a fortnightly service between Suez and Port Sudan. I may add that we decided experimentally to introduce a weekly service on this line during the year in review, which was accordingly done about the middle of the year, and continues in force. We make it our invariable endeavour to meet in every way as far as possible the wishes of

The Egyptian Government,

whose service is so largely carried on by our company, and with which, I am glad to say, our relations continue to be in every way satisfactory. The directors are anxious that intending investors should be guarded, so far as lies within the limits of their power, against any excessive or undue speculation in their shares, and intending investors will do well to be cautious against rumours of an exceptional dividend or other similar inducements put before them from time to time, to prevail upon them to invest. For some time past, as you are aware, there has been a great boom in Egypt, and every description of stock has shared in it. The rise in

The Company's Shares

is therefore by no means exceptional, but prudent investors will not allow themselves to be unduly carried away by any such movement as that now existing in Egypt. On the other hand, as you will have observed from the report, the general rise in land values in Egypt has materially enhanced the value of the company's property in Alexandria and Suez, which is in any case of exceptional value and importance. I have again to express the satisfaction of your board at the mode in which their business has been conducted in Alexandria by the general manager, Mr. Parkinson, with the able and zealous assistance of the several members of his staff. Your chairman proceeds to Egypt in the course of the next month to discuss various outstanding questions connected with your interests, and to bring, if possible, to a close certain negotiations which are now in course of consideration between the Egyptian authorities and your board. I will now, in anticipation of the extraordinary meeting which is about to be held, proceed to explain to you briefly the object of

The Draft Resolution

which is put before you for your approval to-day, in order that you may be able to understand its bearing upon the articles as at present constituted, and the object and effect of the changes of which we desire your approval. Dealing with the resolution about to be submitted, the effect of such resolution, if passed, would be as follows:—Owing to the provisions of the Companies Act, 1900, it would not be competent for this company to pay a commission for the underwriting or subscription of shares offered to the public unless the articles of association were altered in such a way as to authorise the payment of a commission. In the present case the directors have carefully considered the proposition, and suggest that the

Maximum Commission

payable in such a case should be 7 per cent., but of course when any new shares are offered to the public the directors will make such arrangements as to terms as they think proper in relation to the underwriting commission then payable, but, as you will see, this figure cannot exceed 7 per cent. Dealing with the proposed new Article 11b, this again is necessitated by the provisions of the Companies Act, 1900, by which it is necessary that the minimum amount payable upon application in respect of any new shares should be stated in the articles of association, and in this case the directors think that 5 per cent. is a reasonable amount. The effect of the further paragraphs of the resolution from "b" inclusive to "h" inclusive is that, instead of seven days' notice, 14 days' notice is to be given to bearer warrant holders of any general meeting, such notice to be given by advertisement, and that to enable bearer warrant holders to vote at such meetings they must deposit their bearer warrants at the place fixed by advertisement in Alexandria ten days before the date of the meeting, and as to those,

Bearer Warrant Holders

residing in England, their bearer warrants must be deposited at the office named in the advertisement in London five days before the date of meeting, and further that any notice required to be given to bearers of share warrants shall be sufficiently given if advertised once in the "Times" and once in one newspaper published or circulating in Alexandria. It is thought that the alterations above indicated will give greater facilities to the holders of share warrants by enabling them, if they so desire, to attend or be represented at the shareholders' meetings, and, needless to say, the directors will always welcome their co-operation. It is proposed also to alter Article 53 by which the seven days' notice to be given by advertisement shall apply to members of the company holding registered shares. The subsequent alterations proposed by the resolution are consequential upon the alterations I have already explained. The resolution which I have put to you is "that the report and accounts be adopted" but before putting the question I shall be glad to answer any question that shareholders may wish to address to me.

Mr. Henley: Although your report and accounts are very satisfactory, as one might naturally expect from such a board as we have—(hear, hear)—yet still there are one or two little points which seem to me to be open to a little criticism. Your trading profit for the past year is something like 20,000*l.* less than for the previous twelve months, and yet, notwithstanding that, you recommend a dividend on the ordinary shares of 10 per cent., the same as last year, but you carry forward something like 2,000*l.* less. That would be all very well, I think, if I did not see in the balance-sheet an item, under the head of liabilities, of a loan of 81,000*l.* Of course, if you are going to issue new capital, which seems to me a most desirable thing to do, that loan may be extinguished by your new capital, but at the same time I think you are rather too optimistic in giving your ordinary shareholders 10 per cent. on the accounts presented. Of course, you may be well aware, and no doubt you are, that the prospects for the future are excellent, but at the same time I think you are rather forestalling the future in giving that dividend. The only other point I would like to bring before the board is one relating to the statement of our assets—the total value of our properties. When the company was formed of course it took over the ships and properties and other things *en bloc* at a certain figure, and I dare say that in the company's accounts you have in figures, or in your own minds, what are the different values of your landed properties and of your steamships. I think it would be desirable, perhaps, not in the immediate future—I do not say that you could do so or would desire to do so at once—but I think it would be desirable at some future time that your steamships should be put down separately from your other properties. Of course, you are now going in for new ships, and will purchase them at a certain specified value, and I think it would be desirable if in the future we could have the fleet value put separately from other portions of our property. Perhaps the remark I am going to add will come better at the subsidiary meeting. It is that before any of the new capital is offered to the public the shareholders should first have an opportunity of applying.

Mr. Francis Allen: You have it.

The Chairman: The board are very sensible of the flattering terms in which you have spoken of their management, and they appreciate, I am sure, as I do, the spirit in which your criticisms are made, and your desire to associate yourself with the welfare of the company. With regard to the ordinary shares, on full consideration of all the circumstances of their position, and perhaps more especially of the impending issue of further shares, the board decided that it was in the interests of the company, and that the financial position admitted of their giving a dividend this year of 10 per cent. to the ordinary shareholders. I think probably you will be willing to place yourself in that matter in the hands of the board—(hear, hear)—who have acted with full knowledge of the conditions which actually surround them, and are in front of them. With regard to the division of properties, I cannot answer you off-hand. I must discuss that matter with my colleagues. I will explain your third point when we come to the extraordinary meeting. You mentioned a loan appearing in the accounts, and I think you took it for granted that the raising of fresh capital included the paying off of that loan. I think I ought to explain that it is repayable over a term of years. It stands in a category apart, and has no concern with the issue of further capital which is now proposed. I now beg to put the question that the report and accounts be adopted.

Mr. Francis Allen seconded, and

The resolution was agreed to.

Mr. Chas. A. Hanson said he had very great pleasure in submitting the following resolution for the approval of the meeting: "That Sir Auckland Colvin and Mr. Francis Allen, the retiring directors, be and are hereby re-elected directors of the company." He could bear testimony, if it were necessary—fortunately it was not—to the great ability which was brought to bear upon the affairs of the company by their distinguished chairman, Sir Auckland Colvin, and also by his colleague, Mr. Allen. They both had a thorough mastery of the affairs, the ramifications, and the business operations of the company. The ability which they showed in discharging the duties of directors, and also the influence which they were able to exercise, was, he thought, unexampled—(hear, hear).

Mr. John Temperley seconded, and

The motion was agreed to.

Mr. Jeffrey Head proposed, and Mr. G. Stapleton Smith seconded, that Messrs. Edwin Guthrie and Co. be re-appointed auditors of the company at a remuneration of 400 guineas per annum, such fee to cover travelling expenses and also remuneration for any special services rendered.

The resolution was adopted.

The Chairman moved that a dividend of 10 per cent. per annum be declared on the ordinary shares for the year ending June 30, 1906.

The motion was seconded by Mr. Allen and carried.

The Chairman intimated that that concluded the business of this meeting, but there was an extraordinary meeting to follow.

Mr. Henley thought that in the interval of waiting they ought to accord a hearty vote of thanks to the directors and staff for the excellent way in which the company's affairs had been managed during the past twelve months. He had great pleasure in proposing it.—(hear, hear).

The Chairman: On behalf of myself and my colleagues I beg to thank you.

EXTRAORDINARY MEETING.

An extraordinary general meeting was then held "for the purpose of considering, and, if deemed advisable, passing," a certain resolution relating to the articles of association.

The Secretay read the notice convening the meeting, which stated that should the resolution be passed by the required majority it would be submitted for confirmation as a special resolution to a second extraordinary general meeting which would be subsequently convened.

He also read the resolution.

The Chairman: I explained in my speech at the last meeting the grounds on which these various modifications are proposed for your approval, and I do not think I need add anything to what I have said. I shall be very glad, however, before putting the resolution, to do what I can to answer any shareholder who may wish to make any inquiry or comment.

Mr. Mactay asked whether it was not a sign of weakness on the part of the company to pay a commission for underwriting shares. One would think, he said, that a company which could pay 10 per cent. on its ordinary shares, 5½ per cent. on its preference shares, and 4½ per cent. on its debentures had no need to offer such a commission, which was tantamount to offering the shares at a discount.

The Chairman: I think perhaps it will be enough for me to say, at present, that the directors here are only taking power to have their issue of capital underwritten; and that at present there is no proposal before the meeting that the issue should be underwritten. The directors merely think it is necessary they should have the power which they now ask for. I now propose the resolution which has been read by the secretary.

Mr. Francis Allen seconded.

The resolution was at once adopted, and the proceedings terminated.

ANOTHER MOTHER'S EXPERIENCE:

INTERESTING SEQUEL.

We have just received a communication from Mrs. L. Lewis, of 22, Wood-street, Penarth, Wales, which is exceptionally interesting. Just previous to the birth of her first child Mrs. Lewis became so ill with dropsy that her life was despaired of. The premature birth of the child, however, saved her, and the dropsical swellings went down somewhat. But at the second period of pregnancy the dropsy reappeared worse than ever, the water threatening the patient's heart. A specialist and Mrs. Lewis's own doctor agreed that the case was hopeless, but the second child was providently born some months before its time, and the mother's life again saved. The doctor then warned the patient that to attempt to rear children would cost her her life, but at this time Mrs. Lewis heard of Doan's Backache Kidney Pills, and began taking them. This medicine drove away every trace of dropsy and kidney trouble, and so built up the patient's strength that her third child was born healthy and strong, and up till the last the mother was able to perform her household duties.

Over four years later, Mrs. Lewis said:—"I've never had the least sign of dropsy or kidney trouble since my cure by Doan's pills. And I've more good news to tell you: twelve months ago I gave birth to another baby—and a fine little fellow he is!"

And again in May, 1906, she said: "I had another baby born ten weeks ago. I am as well as ever myself."

Doan's Dinner Pills are sold by all chemists and druggists at 6 P.T. per box.

REVUE COMMERCIALE

Cotons.

Autant les poignées de main ont été chaleureuses et les félicitations vives de la part des baissiers quand, il y a quinze jours environ, les cours étaient tombés à 20 5/16 pour le Mars, autant les quolibets, les plaisanteries et peut-être un peu aussi la malveillance nous ont accablé depuis lors, de la part des haussiers, bien entendu, à la suite du raffermissement qui a régné et qui a favorisé le maintien tout factice des cours. Mais comme c'est bien humain que tout cela et comme, après tout, c'est bien là le sort qui est réservé à celui qui s'expose au métier d'écrivassier, comme nous le sommes, pour le public, nous ne nous plaindrons pas et attendrons patiemment que les circonstances viennent justifier notre manière de voir. Notre revanche, toute platonique et simplement pour l'amour de l'art, n'est pas loin; nous en sommes persuadé, à en juger par la piètre tenue du marché pendant la journée d'aujourd'hui; mais, en attendant cette fiche de consolation, nous ne pouvons faire à moins que de regretter de ne pouvoir toujours contenter tout le monde. Nous faisons ou tâchons de faire notre métier en conscience ; aussi, nous prions nos lecteurs de ne pas nous en vouloir quand les idées que nous leur soumettons, et qui nous sont toutes personnelles, ne concordent pas avec les leurs ou sont contraires à leur intérêt.

Qu'on nous pardonne aussi cette drôle de façon de commencer notre chronique ; elle a sa raison d'être, car il nous fallait bien répondre à certaines personnes, heureusement fort peu nombreuses, qui se sont permises des insinuation absolument fausses à notre égard.

Ceci dit, passons à la revue du marché :

L'ouverture de la séance de Samedi a été chaude et avec la hausse qui a suivi quelques instants après, on a cru pour un moment que nous allions aux nues ; mais tout-à-coup et sur le bruit qui a couru que le stock de l'Egyptien à Liverpool était en augmentation de 14,000 Balles, un revirement complet s'est produit dans l'allure du marché et, comme résumé, c'est en réaction d'un demi-tallari sur le maximum pratiqué dans la matinée que la clôture a eu lieu. La nouvelle, cause de ce désarroi, était vraie, mais, nous devons bien le dire, une fois de plus notre marché a agi à la légère et tout bonnement sous la première impression. Si les haussiers s'étaient donné la peine de réfléchir, ils auraient vite compris que nous nous trouvions devant une simple répétition de ce que nous avions eu dans la quinzaine précédente, c'est-à-dire, pour la première semaine, entrée d'une certaine quantité venant s'ajouter au stock, contre une sortie tardive ne pouvant figurer que dans le mouvement de la semaine suivante ; et le forwarded et l'exportation de demain, que nous attendons dans les 30.000 balles, contre une importation de 19.000 balles environ, prouveront que nous sommes dans le vrai.

Envisager autrement cet incident, ce serait reconnaître que nos expéditions pour l'Angleterre sont destinées à la vente et ne représentent nullement les ventes faites à la filature ; mais on dirait que nos haussiers sentaient le besoin de laisser comprendre leur faiblesse et ils n'ont pas voulu manquer l'occasion de l'étaler. Ce n'est pas inconsciemment que nous avons, comme fin de notre premier paragraphe, écrit les mots "maintien tout factice des cours".

La suspension d'affaires que nous avons eue lundi et mardi à l'occasion du nouvel an (que nous souhaitons plein de prospérité à tous nos lecteurs) est venue à point pour empêcher peut-être une débandade et donner le temps à une circonstance plus ou moins fortuite de venir au secours. Quoique pas tout à fait imprévue, cette circonstance s'est présentée sous la forme d'embarquements formidables, laissant croire à une semaine extraordinaire comme exportations, et si elle n'a pas produit l'effet qu'on aurait été en droit d'en attendre, la réaction ayant immédiatement suivi la hausse des premiers moments, il n'en est pas moins vrai qu'elle a servi au moins à modérer la baisse qui a été la conséquence du désir intense de réaliser qui s'est manifesté dans un certain milieu.

Après avoir passé par le cours de 21 9/32, c'est à 21 13/32 que le Mars a été affiché le soir, mais hier c'est à 21 1/4 que la journée a clôturé.

Aujourd'hui finalement, a été la journée noire de la semaine : Au lieu de la confirmation du chiffre de 42,000 Balles qui avait été donné comme prévisions, et que les haussiers attendaient avec impatience pour se livrer à une manœuvre à outrance, les exportations de la semaine ne se sont élevées qu'à 33,500 Balles et, tout naturellement, le fait a causé de la mauvaise humeur dont les baissiers ont profité en dépit des rachats qui semblaient devoir les mettre en garde. Bref, la semaine a fini à 20 21/32, tandis que comme minimum pratiqué nous avons été cet après-midi à 20 13/16 pour le Mars.

Tout compté, ce serait une perte de 11/16 que nous avons à enregistrer sur Vendredi passé, mais ce qu'il y a de plus mauvais, c'est que d'après le ton de fermeté qui semble avoir dominé en clôture, la tendance n'est nullement satisfaisante. Certes, il n'y a pas encore péril en la demeure, mais comme en définitive il n'y a pas de découvert à exploiter et que les acheteurs de contrats se trouvent purement et simplement en face de la marchandise effective, l'espoir d'une reprise sérieuse n'a pas beaucoup de chance de se réaliser et ce jusqu'à nouvel ordre des choses.

Et à ceux qui contesteraient la justesse de cette appréciation, nous opposerons la question de la filière d'hier. Quoiqu'elle n'ait été que de cantars 86,000 et qu'elle ait été arrêtée en entier, il n'en est pas moins incontestable que ceux qui ont voulu transférer leur janvier sur Mars, ont été forcés de payer 7/8 de tallari de report au moins, ce qui fait presque du 27 % d'intérêt par an ! A ce compte-là on peut tenir sa position, mais il faut avoir aussi beaucoup d'argent à perdre pour se payer ces sortes de caprices. De Mars à Mai nous sommes déjà à 3/4 de tallari et bientôt de Mai à Juillet nous serons dans les mêmes conditions, si non plus cher encore ; et comme ces conditions sont la ruine personnifiée, nous voudrions voir si l'on aura le courage de soutenir encore que les haussiers sont à même d'aller de l'avant jusqu'à ce que la consommation se soumette. C'est ridicule et voilà tout !

En attendant, la filature n'achète plus rien et se contente de recevoir ce qui lui est dû et en cela elle a parfaitement raison, d'autant plus qu'aujourd'hui elle semble convaincue d'une récolte de 7 millions de cantars. Elle peut attendre les évènements et pour plusieurs mois encore.

Le commerce ne fait rien en contrats, si ce n'est comme arbitragiste ou comme vendeur.

Sur la nouvelle récolte, par contre, l'activité a été relativement plus grande, tandis que sous le rapport des prix il n'y a que de la baisse à relever, moins forte bien entendu, mais proportionnellement aussi sensible que sur la récolte actuelle : le Novembre finit à 19 1/32, soit à 11/32 au-dessous de Vendredi dernier. Le mouvement sur cette échéance est tout spéculatif.

De l'Amérique, il n'y a rien de saillant et quelques points de hausse résument tout ce qui s'est passé pendant la semaine. Il y a à coup sûr plus de coton qu'on ne le dit et à preuve les recettes et les insight, mais d'autre part aussi la spéculation se montre sensée en n'entravant pas la consommation dans ses achats et lui laissant tout le temps nécessaire d'absorber tout ce qu'il faut et de dégager la situation. Les manœuvres pourront venir après, mais actuellement c'est la sagesse, calculée ou forcée, qui est à l'ordre du jour.

Le marché de disponible a laissé à désirer comme courant d'affaires, et finit en tendance faible, la demande du dehors faisant absolument défaut et les affaires se trouvant confinées à l'exécution des anciens engagements ou aux quelques arbitrages que les privilégiés peuvent faire.

Pour ce qui est des qualités, seuls les classements supérieurs et fins sont recherchés, tandis que tout ce qui est au-dessous de Good est négligé.

Comme prix, la cote officielle, établie au moment où le Mars valait encore 21 3/16, nous montre une baisse de 3/8 pour les Mit Afifi et 1/4 pour les provenances Haute Egypte. Le Joannovich aussi est en baisse, mais les Abassi, rares et demandés, sont en hausse de 1/2 à 5/8 de tallari.

Les exportations, comme dit plus haut en passant, n'ont pas dépassé les 33,500 Balles suivant le relevé de la Douane, mais en réalité il a été embarqué beaucoup plus de coton que cela et la différence viendra probablement grossir le chiffre de la semaine prochaine, laquelle, dans tous les cas, sera importante. La cause qui a fait que les prévisions n'ont pas été atteintes, est qu'il y a beaucoup de suspens que la Douane ne peut déclarer comme embarqués que quand les dépôts pour les droits auront été réglés. Ce n'est pas la faute de la Douane si les magasiniers des négociants laissent traîner plus ou moins volontairement ces choses-là.

Liverpool a fini par tomber aux ventes de 100 Balles par jour pour les égyptiens disponibles. Ce n'est pas riche, mais avec ce que la filature anglaise importe directement, on ne voit pas trop la nécessité pour elle de recourir sérieusement au grand marché anglais pour ses approvisionnements.

Comme prix, la baisse a porté sur le tout. Moins forte pour le disponible qui est à 10 3/8, soit en perte de 1/16 pour la semaine, elle s'élève à 20/64 pour les futurs qui sont cotés à 10 2/64 pour le janvier.

Les américains disponibles se trouvent dans le cas opposé aux égyptiens. Plus actifs, ils profitent de 17 points de hausse pour le spot qui est à 5.87 et de 6 points d'avance pour les livrables qui ont clôturé ce soir à 5.51 pour le janvier-février et à 5.46 pour le mai-juin.

Graines de Coton.

Les recettes ont été supérieures aux besoins de l'exportation, mais malgré cela tout ce qui était à la vente a été absorbé et à des prix qui indiquent de la hausse sur la semaine précédente. Comme dernier cours, c'est à P.T. 67 1/2 que le disponible a fini ce matin.

La cause de la fermeté provient de la tenue des contrats ; du reste il y a marge effective et grande pour l'arbitragiste et il va de soi que cela attire la faveur des acheteurs.

Les affaires en contrats, sans être grandes, ont été assez nombreuses cette semaine ; toutefois le maximum atteint il y a un jour ou deux n'a pu être maintenu et c'est à P.T. 71 1/4 que le Février-Mars a fini.

C'est Hull qui a donné le branle cette fois, car elle s'est trouvée dans l'obligation d'acheter à la suite d'un intervalle d'une dizaine de jours sans exportations de chez nous pour le dit port. L'amélioration qui en a résulté sera provisoire, la graine de Bombay étant sur le point de commencer à arriver, mais en attendant notre place en profite. Le dernier cours payé est de £ 6.15/- pour Janvier.

Les exportations des 3 ou 4 semaines à venir semblent devoir rester inférieures à celles de l'année dernière qui ont été exceptionnellement fortes.

CHRONIQUE FINANCIERE

Alexandrie, le 4 Janvier.

Le siège en règle, auquel continue d'être soumise la Banque d'Angleterre, ramène sa réserve de 37 1/8 à 33 1/2 %, un des plus bas niveaux signalés. Les valeurs égyptiennes, de leur côté, subissent à Londres une dépression de 1/8 à 9 5/8 pour l'Agricole et de 1/4 à 28 1/2 pour la National Bank ; la Daïra et la Delta Light demeurent stationnaires aux cours respectifs de 17 1/2 et 12. Le Consolidé Anglais n'en gagne pas moins une avance de plus d'une livre à 87 1/4, parce qu'on escompte de fortes rentrées d'or à l'occasion des échéances de fin d'année. Ces prévisions ont eu d'ailleurs un commencement de réalisation, puisque le taux privé d'escompte a été réduit subitement de 6 à 5 pour cent. C'est ce qui nous a valu aujourd'hui, après deux séances hésitantes et influencées par les règlements de fin de mois, une reprise presque générale qui nous fait clôturer en avance sur vendredi dernier.

Sur une cinquantaine de valeurs inscrites à la cote officielle de la Bourse d'Alexandrie, 16 sont en hausse, 12 seulement en baisse et les autres demeurent stationnaires.

Les fluctuations les plus sensibles sont une hausse de 6 francs sur la Cassa di Sconto à 290 l'ancienne et 284 1/2 la nouvelle, de 3/8 sur les Nungovich à 23, de 5/32 sur les Estates à 2 5/8 acheteurs, et de 9/16 sur la Building Lands à 6 1/4. En revanche, la Deferred Delta perd 1/4 à 13 1/4, la part de fondateur Comptoir 1/2 à 92, et l'Anglo-Egyptian Allotment 5/16 à 3 1/2.

En baisse également la Ramleh de 9 13/16 à 9 3/4, la Delta Light de 11 7/8 à 11 3/4, les Privilégiées Tramways de 202 1/2 à 201, les Jouissances Eaux du Caire de 283 à 280, la Filature de 13/16 à 3/4 vendeurs, l'Obligation ancienne Crédit Foncier de 339 à 338, la part de fondateur Allotment de 150 à 145, et l'Auto-Transport de 5 1/4 à 5 vendeurs.

Les autres valeurs en hausse sont la Daïra de 17 3/8 à 17 1/2, les Privilégiées Bière d'Alexandrie de 206 à 207, les Privilégiées Bière du Caire de 133 à 133 1/2, la Salt and Soda de 23/3 à 23/6, l'Obligation nouvelle Crédit Foncier de 271 1/2 à 272, les Lots Turcs de 150 à 151, la Banque d'Athènes de 185 1/2 à 186 1/2, la Delta Land de 4 5/8 à 4 11/16 vendeurs, l'Investment de 1 3/8 à 1 7/16 acheteurs, et la Banque d'Orient de 131 1/2 à 135.

Au Caire, les Entreprises Immobilières et de Travaux fléchissent de 18 1/2 à 15 les actions, tandis que les parts de fondateur progressent de 120 à 158 P.T ; l'Epargne Immobilière bénéficie d'une avance de 15/16 l'action à 4 11/16, et de 77 P.T. la part de fondateur à 149. A noter encore une baisse de 60 livres sur la Bourse Khédiviale du Caire, qui s'effondre de 110 à 50 livres.

La Corporation of Western Egypt va très prochainement offrir en souscription le solde (environ 285.000 actions) de son capital autorisé de 500.000 actions de £ 1. L'émission aura lieu au pair et la préférence dans la répartition sera accordée aux porteurs de titres entièrement payés. Le conseil local d'administration s'est assuré 100.000 actions exclusivement pour l'Egypte.

Il résulte du rapport du conseil d'Administration présenté à la séance de samedi de l'Ibrahimieh Ploughing Company que l'exploitation a donné une recette supérieure aux dépenses de £ 1769, frais généraux inclus. Cette somme est de droit destinée à l'amortissement. L'exercice ne permettant pas de distribuer un dividende, l'Ibrahimieh Ploughing va faire appel à la garantie que la société des Sucreries lui a souscrite en mai 1905. Le Krach Cronier a suscité de grandes difficultés à la société : sur le produit de l'émission de mai 1905 qui devait être de £ 93 600, M. Cronier a disposé personnellement de £ 71.296, d'où procès devant le Tribunal de commerce de la Seine. L'Assemblée a donné pouvoirs au conseil d'administration pour nommer des arbitres et, s'il le jugeait convenable, pour le règlement par voie de justice des sommes distraites par M. Cronier. La faillite des Sucreries a amené celles-ci à vendre au Gouvernement les voies ferrées qu'elles avaient recueillies de la Daïra Sanieh. Comme l'Ibrahimieh Ploughing y perd une partie des facilités que la Société des Sucreries lui faisait pour le transport de ses laboureuses, elle proteste contre la situation qui lui est ainsi faite.

L'assemblée extraordinaire de la Société d'Entreprises Immobilières et de Travaux, convoquée pour mercredi à 4 heures p.m., au siège social au Caire, a dû être renvoyée au 29 Janvier courant à 4 h. p.m., faute du quorum prescrit par les Statuts. De la feuille de présence il résultait, en effet, que 4,152 actions seulement, donnant droit à 738 voix, étaient représentées. Les décisions qui seront prises dans la prochaine Assemblée seront valables, quel que soit le nombre des actions représentées. Les dépôts d'actions seront reçus, au plus tard, le 21 du courant, au siège de la Société.

Nous apprenons que les parties intéressées sont tombées d'accord sur la plupart des clauses relatives à la transformation de la National Bank en Banque d'Etat ; on peut donc s'attendre à ce que cette transformation devienne prochainement un fait accompli. Nous croyons savoir à ce sujet que le gouvernement ne voit pas de raison pour modifier ou restreindre de façon appréciable la marche actuelle des affaires de la Banque.

Le projet de réglementation de la Bourse, auquel la Sous-Commission travaille depuis quelques mois, prend enfin sa tournure définitive. Nous croyons cependant qu'avant d'être présenté à l'approbation, il sera soumis aux corporations d'agents de change du Caire et d'Alexandrie, avec invitation à donner leurs appréciations. Cette formalité remplie, la Sous-Commission enverra son rapport à la Commission Plénière, dont la décision devra être ratifiée par les Puissances. Les nouveaux règlements fixent sans aucun doute à des prix équitables les courtages des agents de change, ainsi qu'ils édictent des peines disciplinaires contre les courtiers qui se rendent coupables d'exploitation de mineurs et d'employés à spéculer à la Bourse. Tout en contenant des restrictions pour les opérations à terme, les règlements n'empêcheront pas ces opérations, leur but étant seulement d'améliorer le fonctionnement de la Bourse et non de l'entraver.

Circulaire H. De Vries et Boutigny

NOTES ET CRITIQUES

Le Caire, Vendredi 4 Janvier 1907.

Le taux de l'escompte libre à Londres a été encore réduit hier de 1/8 à 5 1/8 pour cent. Au Stock Exchange, le Consolidé anglais a gagné 1/8 à 86 7/8. L'Unifiée est restée invariée à 102 1/4, de même que la National Bank à 28 1/2, l'Agricole à 9 5/8 et la Delta Light à 12. La Daïra a avancé de 1/8 à 17 1/2.

A Paris, le Crédit Foncier Egyptien a encore progressé de 1 franc à 783. La Banque d'Athènes a rétrogradé de 1 franc à 139. Les Lots Turcs ont haussé de 5 francs à 155.

⁂

Ici, la séance de ce matin a été incontestablement meilleure que celle d'hier. Bien que les effets de la liquidation laborieuse de fin de mois à Alexandrie aient continué a se faire sentir, les cours ont été très soutenus; il y a même a enregistrer une avance sensible sur l'ensemble de la cote.

De même que la veille, le mouvement s'est principalement porté sur l'Epargne Immobilière, l'Express Nile, les Egyptian et Nungovich Hotels, la Cassa di Sconto et les Jouissances Eaux du Caire.

En général, les bonnes dispositions tendent a s'accentuer, surtout en présence de la baisse persistante du taux d'escompte a Londres, et il y a tout lieu de s'attendre à une forte reprise aussitôt que le resserrement monétaire local se sera détendu.

Dans le compartiment des Banques, la National a avancé à 28 7/16. L'Agricole s'est maintenue à 9 5/8-11/16. La Cassa di Sconto a encore gagné 7 francs à 293. Le Comptoir Financier est resté à 8 1/8 et sa part à 92 93.

Le Crédit Foncier a molli à 778; par contre, sa part de fondateur est montée à 950. La Daïra a bénéficié de 1/8 à 17 9/16-5/8. La Nile Land a perdu 1/4 à 17 3/4. Le Wardan Estate a progressé à 8 9/16. L'Union Foncière est revenue à 6 5/16.

L'Immobilière a été ramenée à 374. L'Agricole du Nil a fléchi à 259 et sa part à 7 7/8. L'Enterprise and Development s'est raffermie à 14 et sa part à 21 3/4.

L'action Entreprises Immobilières et Travaux a été échangée entre L.E. 15 et 15 1/2. Le peu de flottant existant a été ramassé a ces prix. Aussi bien on s'attend à une nouvelle poussée a bref délai. La part de fondateur a clôturé a 158-159.

L'Epargne Immobilière a eu, a nouveau, aujourd'hui, les honneurs de la séance. L'action a avancé a £ 4 11/16; mais l'animation s'est spécialement portée sur les parts de fondateur qui, de P.E. 110, ont passé a 143 pour clôturer a ce même prix en très forte demande, sans vendeurs. Détail typique, les membres du petit sanhédrin qui avaient pris sur eux d'interdire les transactions sur ce titre, lorsqu'il était a P.E. 40, s'évertuent actuellement a se l'assurer a 140. Mieux vaut tard que jamais.

Il a été donné aujourd'hui a la part "Bourse Khédiviale du Caire" un cours purement nominal, qu'il serait oiseux d'enregistrer. Nous ne mentionnerons, d'ailleurs, a l'avenir que les prix effectifs lorsqu'ils auront été pratiqués.

La Delta Light a faibli à 11 3/4. En très bonne tenue, les Jouissances Eaux du Caire ont encore gagné 3 francs à 286-287.

Dans le groupe des valeurs hôtelières, les Nungovich ont avancé à 22 3/4 7/8. Toujours en excellente tendance, les Egyptian ont encore bénéficié de 5/8 à 12 1/2.

Parmi les petites valeurs, les Delta Land, très fermes, ont avancé a 4 3/4. Les Abdy ont progressé a 1 1/2, les New Egyptian a 32 sh. 3, les Salt and Soda a 23 sh 6, les Markets a 31 sh. 3, les Oasis a 1 1/2 et les Glymenopoulo a 1 3/4. La part de fondateur United Lands a fait 7 3/8-1/2. Les Estates ont clôturé a 2 5/8 et leur parts a 21 1/4-5/16.

⁂

C'est demain, a 2 h p.m., qu'a lieu, au siège social au Caire, l'assemblée générale extraordinaire des Upper Egypt Hotels.

Les actionnaires auront a ratifier deux propositions du conseil, savoir: 1° Elévation du capital a L.E 320.000 par la création de 25,000 actions nouvelles de L.E. 4; 2° Fixation de la fin de l'exercice au mois d'Avril.

⁂

On annonce d'Alexandrie que la souscription a l'émission de 25,000 actions nouvelles de la Société Egyptienne d'Entreprises Urbaines et Rurales, qui avait été fixée du 9 au 11 Janvier courant, a été renvoyée du 28 au 31 du même mois.

⁂

On trouvera désormais dans le tableau des cours publié au verso de cette Circulaire, sous la rubrique "Valeurs diverses", la cote journalière des actions et parts de fondateur de la Société Anonyme Egyptienne de Publicité dont nous avons parlé hier.

DEUXIEME APPEL DE FONDS

(*Portant le montant versé à 15/- par action*)

Les actionnaires de l'Egyptian Land and General Trust, Limited, sont informés que les administrateurs, par résolution prise en réunion du conseil du 21 novembre 1906, ont décidé de faire un deuxième appel de 5/- par action sur les titres partiellement payés de la Société.

Le montant dû à la suite de cet appel est payable chez les banquiers de la société mardi 15 janvier 1907, dernier délai : à Londres, chez M.M. Barclay & Co. Ltd. ; au Caire et à Alexandrie, à l'Anglo-Egyptian Bank Limited.

On peut se procurer des formules d'appel de fonds aux bureaux de la société, 10, Sharia Zervudachi, le Caire.

14 Décembre 1906.

Cher Monsieur (ou Madame),

Nous sommes chargés par le Conseil d'Administration de vous informer qu'il a décidé de faire l'appel du solde des titres restant à payer, en deux versements, exigibles respectivement le 15 janvier et le 15 mars 1907.

Un nombre considérable d'actions est détenu par l'Egypte et les arrangements pour le paiement du dividende de 1/6 par titre, récemment déclaré, ont démontré que le système de règlement par transfert en blanc donne lieu à beaucoup d'inconvénients pour les porteurs égyptiens qui, il faut l'espérer, vont échanger leurs actions contre des titres au porteur.

Par ordre du Conseil
d'Administration
MACK & PALMER,
Secrétaires.

Letter from Sir Rudolph von Slatin.

Dear Mr Ward,— Your delightful and most interesting book on the Soudan has reached me. I congratulate you heartily on the excellent manner in which the work is written and illustrated. All of us who have done our little best to regenerate the country, after its terrible misfortunes, have received more than kind treatment at your hands... I don't suppose anyone realises more than I do the change that has come over the Sudan since my old and tyrannical master the Khalifa disappeared from the scene. Your description of the 'Peace and Progress' is, in fact, a sequel to my 'Fire and Sword in the Sudan.'

With kindest regards, believe me,
Yours sincerely,
RUDOLF V. SLATIN.

A BROKEN-DOWN SYSTEM.

This is a condition or disease to which doctors give many names, but which few of them really understand. It is simply weakness—a break-down, as it were, of the vital forces that sustain the system. No matter what may be its causes (for they are almost numberless), its symptoms are much the same; the more prominent being sleeplessness, sense of prostration or weariness, depression of spirits and want of energy for all the ordinary affairs of life. Now, what alone is absolutely essential in all such cases is *increased vitality*—vigour—

VITAL STRENGTH & ENERGY

to throw off these morbid feelings, and experience proves that as night succeeds the day this may be more certainly secured by a course of the celebrated life-reviving tonic

THERAPION No. 3

than by any other known combination. So surely as it is taken in accordance with the printed directions accompanying it, will the shattered health be restored,

THE EXPIRING LAMP OF LIFE LIGHTED UP AFRESH,

and a new existence imparted in place of what had so lately seemed worn-out, "used up," and valueless. This wonderful medicament is purely vegetable and innocuous, is agreeable to the taste—suitable for all constitutions and conditions, in either sex; and it is difficult to imagine a case of disease or derangement, whose main features are those of debility, that will not be speedily and permanently benefited by this never-failing recuperative essence, which is destined to cast into oblivion everything that had preceded it for this wide-spread and numerous class of human ailments.

THERAPION is sold by the principal Chemists throughout the world. Price in England, 2/9 and 4/6. Purchasers should see that the word "THERAPION" appears on British Government Stamp (in white letters on a red ground) affixed to every package by order of His Majesty's Hon. Commissioners, and without which it is a forgery.

Sold by E. Del Mar, Alexandria, Cairo & Port Said

16-4-907

DR. LE CLERC'S PILLS

For the Liver & Kidneys

are an unfailing and reliable remedy for diseases of these important organs, gout, rheumatism, gravel, pains in the back, and kindred ailments (acquired or constitutional). Sold by principal Chemists, not in loose quantities, but only in boxes, price 2s. 2d. bearing the British Government Stamp with the words Eugene Le Clerc, impressed thereon to protect the public from fraud.

DR. LE CLERC'S SOAP.

Medical, antiseptic, used and recommended by eminent dermatologists in the treatment of eczema, lepra, psoriadis, ulcerations, skin eruptions, itching and irritating skin humours, baby rashes, etc., also a prophylactic against the risk of contracting disease and infectious disorders generally. Its healing properties greatly minimise the inconveniences of shaving in cases of pimples, spots, teacacne. In Tablets, price 1s. sold by Max Fischer, Cairo and Alexandria.
